

## Specky Woods (bonus story)

By JY in Class 4

### Chapter 1: The poster

One day, A few people booked a camping trip to specky woods for a camping trip. A few hours later, they were all at the campsite. Bob found a poster and mumbled the words that the poster said, "Camping trip gone wrong! A family of 5 went camping on the local campgrounds and were reported missing after not returning for a Prolonged time. 4 of the family members were found and confirmed dead, but their son is still missing. The murderer, Zack Nolan, Has been caught. His sentence is still being decided."

"Oh no..." He said. Everyone started exploring until night time. By night, everyone has found and read the poster. They couldn't get to sleep so they ate roasted marshmallows.

"I SEE YOU..." Came a voice from the trees.

"STOP!" said the voice again as everyone ran to the cave as the creature jumped from the trees.

"THEY DON'T UNDERSTAND! I AM THE SON!" Said the voice.

"Did you see that?" Said Josh.

"We should stay here for the night... We don't want him to kill us!" Said Bob. Daylight approached and all the people were sitting in the corner of each tent, shivering in fear. Everyone overcame the monster and started to explore. They all agreed that they were tired and it must just be an illusion. They kept reading the poster... Over and over again to be sure it was real. Night approached. Everyone started to feel rain. They decided to head to the cave because of the rain outbreak.

### Chapter 2: The sandwiches

"Oh no! If we are going to stay here all night until the rain stops, We need some food! One of us must go and get the basket!" John said. Bob went and got the basket. The rain hurt a lot, because it was a heavy down-fall. They all eat their sandwiches.

"I don't feel very well..." Said Bob. He started to lay down slowly and his heart rate was still going, but he stopped breathing. "The sandwiches were poisoned!" Said Josh. "Who ever has some of their sandwich left, don't eat it!" Luckily, John was carrying a medical kit with him. He used it to help Bob. Bob managed to survive.

They all agreed to not eat the sandwiches. The next day, Bob was still ill so he was lying down in the corner of the blue tent. The red tent had collapsed during the rain that night so they had to use the blue tent. Bob felt better after an hour or so. Then he explored with all the others. He couldn't forget the poster he read earlier though. As soon as he read it, he felt like someone was watching them. Which they were. A real life monster in the trees waiting to kill them. *He only attacks at night*, Bob told himself. *There are still 7 hours until night. I just need to calm down.* Once bob

returned to the blue tent, he found a message written in blood that said "Still alive?". Bob shouted of everyone. They all looked at the message. They said there was nothing there. Maybe it was the poison in the sandwiches making illusions. Then when Bob looked again, it wasn't there. Maybe it was the monster playing tricks. Because, on the first night, once they woke up there was a dead deer. Maybe the monster killed it. But why? The deer would do nothing to hurt anyone. They would only hurt people if they get scared. Maybe the monster was just hungry. Probably likely because he tried to eat Bob, Josh and John on the first night. But still, the deer could have hurt the monster. There was also a black leg found in a bear trap on the first night when they woke up to. The monster was black, so it was probably the monster's leg.

### Chapter 3: Collapse!

Night approached pretty fast that night. They were all in the cave because there was only one tent up. They played tag and a bit of rock paper scissors until they heard a big *CRASH!* Once they saw where the crash came from, they were shocked. The cave entrance had collapsed. "Let's try to find a loose wall in the cave so we can get out." Said Bob. They all pushed every wall until they found that the back wall was loose. They pushed it until it collapsed. They followed the hallway. They found 2 tunnels but one of them had spikes at the bottom. They couldn't see which one has the spikes at the bottom though. Luckily, they all went through the right tunnel and slid down with no harm done. They followed the hallway and found another weak wall. They managed to break that weak wall but there was a flood starting to happen! They had to get to the top of the cave before the cave flooded. They all helped each other to the top. They all managed to escape and they camped at the top for the night. The flood stopped when they got to the top. Maybe it was the monster trying to kill them by flooding the place. Maybe it was the monster that made the cave collapse. Josh had a scrape on his knee of escaping and all the jumping. He used his medical bag to bandage it though. Also, Bob was out of breath and needed an In-Haler. It was like John was the lucky one. He got out without being out of breath or being cut on the knee, arm etc. "Look. It's the monster." said Bob, pointing his finger at a black figure out in the campgrounds. "Be quiet do he doesn't see us!" said Josh.

They all ate some sausage rolls. Luckily, these weren't poisoned. They all had 3 each. They were pretty tasty. Then, the next day came.

### Chapter 4: The Plan.

"We have got to stop the monster!" said Bob. "I agree" said Josh "Don't forget me. I also agree." said John. "How about tonight we confront him." told Bob. "Okay. It's worth a shot." said Josh. It was awkward how only Josh escaped the cave without losing his breath or cutting himself. It was also weird how everyone else used sticks as weapons and he used a knife. Bob and John didn't care that he used the knife.

They agreed to put him at the front with the knife so if the monster attacks, He can stab him. They also agreed to put him in front because Bob and John only had sticks, and if they use the sticks, they might snap when they hit him. They put their weapons in their pockets and waited for night to approach. This was their final night at the campgrounds. They want to defeat the monster so that when the next family, friends or random people arrive, They don't need to be scared or go through what they have gone through the previous 3 nights. They want through not being able to go to sleep, being poisoned, being chased and having to kill the creature. This was it. Only 2 hours until night arrives. They went to the tents and has a 1 hour and 25 minute sleep. The other 35 minutes was for properly waking up and getting ready for the final battle. Everyone got out their knives and sticks (Only Josh got out a knife because he was the only one *with* a knife) and went outside he tent. Somehow, The monster knocked out everyone without touching them. As soon as they woke up, they realized that John wasn't there...

#### Chapter 5: Lost.

"John? Where are you?" shouted Bob. "Over here!" replied John. Bob was shocked that John even replied to that. Specky Woods was a big campground. There was no way that Bob was hearing things. He hasn't been poisoned in 2 days. The poison has definitely worn off by this time. Even Josh heard it. Bob turned on his torch and looked for John. After 10 tiresome minutes, They finally found John. "It looks like its starting to rain. Quick, get to the tent!" said Josh. They all ran to the tents. "We will have to wait for the rain to stop if we are going to stop the monster." said Bob. The rain stopped after, yet again, 10 minutes. Then they went outside of the tents. "LOOK GUYS!THERE IS A BLACK FOG FILLING THE FOREST! THE MONSTER MIGHT BE TRYING TO KILL US WITH IT! QUICK, ONTO THAT STONE!" alerted John.

#### Chapter 6:The story.

They climbed the big stone and stood at the top of it. "LOOK! The monster!" said Bob. The monster started walking towards them. Josh held up his knife. "NOO! The sun!" said the monster. "You disserve this! You chased us, poisoned one of us and nearly killed Bob!" said John. "No no no! You don't understand! I was only trying to help. I was only aiming to get Josh. I didn't poison any sandwiches." said the monster. "Huh?" Said Bob. "What did Josh do?". "You see, I read the poster you all read earlier. I am the son of that family. I was at a hotel called Gloomo Hotel. Josh, or you can call his Zack Nolan, killed my family and left me half dead in the cellar. Its Josh who you should be worried about. Not me." said the monster. "Haha! I have got you trapped!" said Josh, in his prisoner uniform holding his knife. "You can always call me Zach Nolan if you like. I *did* kill the monsters family. But you can just call him The Son. Anyways, you are my next victims..." said Zach Nolan.
