# Awesome Alliteration

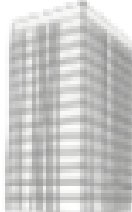

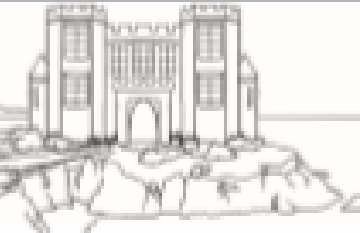

## Challenge

Alliteration is when two or more words that are close together, begin with the same letter or sound. For example:

houses in hurricanes

Houses and hurricanes both begin with the letter 'h'.

See if you can use alliteration to describe these other types of buildings people may live in.

|  |  |  |
|--|--|--|
| <br>_____   | <br>_____   | <br>_____   |
| caravan  | flats  | house  |
| <br>_____ | <br>_____ | <br>_____ |
| castle   | bungalow   | cave   |

You could also try to find out:

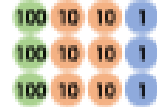

- which storms Melanie Martinez was affected by;
- who else has had terrible bad luck;
- why large storms are given names;
- if a storm has the same name as you!
